WORK EXPERIENCE

Qilin Labs

Aug 2024 – Present

Senior Frontend Developer

Remote

- Currently leading the UI development for a cutting-edge educational platform using React.js, TypeScript, MUI, and Redux. Focused on delivering a highly responsive, accessible, and scalable user experience with advanced state management and optimized component libraries.

Hubspire Corp

Mar 2023 – Sept 2024

Software Engineer

Remote

- Engineered scalable, high-performance user interfaces using **React.js**, **TypeScript**, **GraphQL**, and **Redux**, with a focus on advanced **state management**, **responsive design**, efficient **data fetching** and **caching**
- Executed comprehensive code refactoring and architectural improvements to update legacy systems, integrating modern practices and **enhancing performance** and **stability**.
- Led the evaluation and selection of **technology stacks** and architectural strategies to ensure optimal project outcomes and long-term scalability.
 - Built **reusable** and **customizable UI components** using Shadcn and Material-UI (MUI), focusing on accessibility, performance optimization, and strong typing with TypeScript, ensuring seamless integration and consistency across future projects
- Provided hands-on technical mentorship to junior developers, leading **code reviews** and sharing best practices for clean code, scalability, and maintainability. Facilitated skill development through workshops and one-on-one coaching, fostering a collaborative environment and accelerating team growth and productivity.

Woxro Technology Solutions

Feb 2022 – Mar 2023

React JS Developer

Thrissur, Kerala

- Created and implemented architecture and modules for **banking** and **e-commerce** applications with **integrated payment systems**.
- Built and optimized user interfaces with error handling, focusing on **improved UI/UX**.

Limenz Technology

July 2021 – Feb 2022

Web developer

Calicut, Kerala

- I have maintained and updated **legacy projects**, created custom WordPress sites and themes, and converted designs from Figma and Adobe into responsive HTML/CSS.

EDUCATION

Anna University

June 2021

Bachelor of Technology, Mechanical

Chennai

- GPA: 8.03**
- Zonal Football champions (2019-2020)
